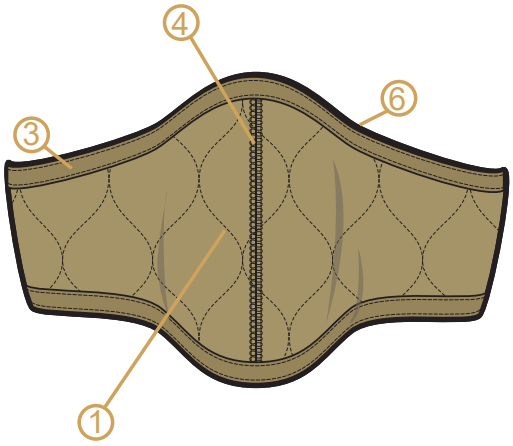
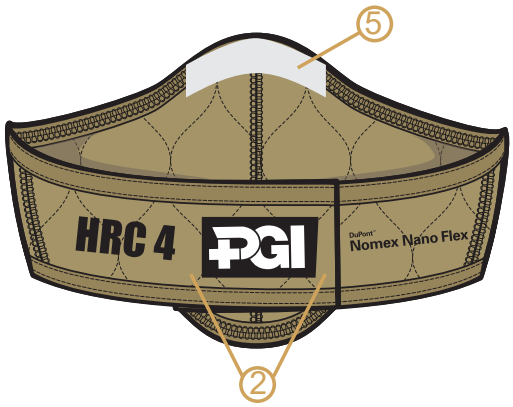
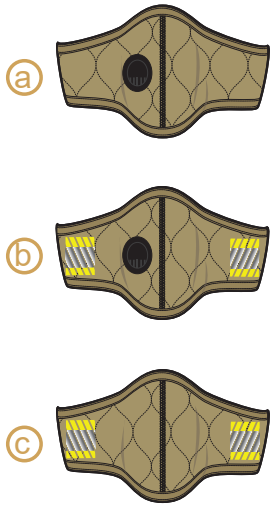
BarriAire™ masks are not substitutes for N95 respirator masks







BarriAire™ Gold Face Mask | Style No: 3199471-3

Materials: Quilted BarriAire™ Gold composite has over 96% particulate efficiency for 0.1 micron - 1.0 micron in size. BarriAire™ Gold composite achieved a Viral Filtration Efficiency (VFE) Rating of 96.8% and a Bacterial Filtration Efficiency (BFE) Rating of 97.9% as conducted by Nelson Labs. These superior filtration qualities are accompanied by exceptional flame resistance, breathability and durability. NFPA 70E Hazard Risk Category 4.

Features and Benefits:

① Exceptional particulate filtration while maintaining breathability

② 2 sizes available with adjustable circumference from hook and loop on back of mask

③ Gold BarriAire™ rib knit binding around entire mask

④ Flat stitched front seam, sewn with gold Nomex® thread

⑤ Adjustable nose bridge allows tight seal around nose for better protection and minimizes fogging of glasses

⑥ Contoured fit against face minimizes openings for better protection

⑦ Low profile aids field of vision

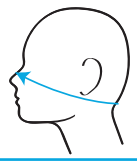
⑧ Exceptional wear life - can be machine washed and dried repeatedly

⑨ 3 options available:
- ⓐ #77 Exhalation Valve
- ⓑ #77 Exhalation Valve & #43 Triple Trim
- ⓒ #43 Triple Trim

Determining which size mask to order:

Hold your head straight, with chin level to the ground, wrap tape measurer around your head, starting at the base of your head and continue under your ears to the bridge of your nose. Continue around entire head for a circumference measurement. Compare your circumference measurement to chart below to determine which size would fit you best. If your head circumference is 22”, both sizes will fit you, there just will be more or less overlap in the hook and loop for adjustment.

Size Range in Inches	
XS - S - M	18” - 22”
L - XL - XXL	22” - 25”



Blocks Contaminants | Superior Breathability | Stain and Water Resistant | Incredible Strength and Durability | Enhanced FR Protection | Wash and Reuse | Ultra Lightweight | Advanced Moisture Wicking
